Other (please specify)

Police are visible in my community. I attend community meetings where police are actively engaged in providing data and responses.

They have always been willing to work with the community and neighborhoods.

We teach our children that respect is earned and I believe that there can be more done for law enforcement to earn the respect. Their approach toward me (female) so far has been with respect, they would inform me of the reason for the stop and assist me.

Policemen should know they are dealing with human beings & they are not the final law.

I respect people in general until they demonstrate actions to change my view. When police double park and are clearly having issues, I respect them.

Memphis police are not strongly respected as they speed at close to 100mph through city streets, they are not proactive but reactive.

I am so thankful for each of our police officers. They put their lives on the line everyday for us.

It depends on the Officer on the site!

I respect officers but have seen and experienced harassment from some of them. I have been trailed, officer turned around in front of me.

## Memphis-Tomorrow-Blair-Taylor-RE-Survey-Results

when law enforcement give respect they get it back in return, this is why we respect and care for the Sheriff,s Department wh  
I respect law enforcement but I do not believe they respect my civil rights  
For the most part I have great respect for our Officers. I have had some that need some re-training on community contact.

Being from a military and law enforcement family; ALL individuals who provide services to its citizens should be highly respect

## Memphis-Tomorrow-Blair-Taylor-RE-Survey-Results

On the east side of the county law enforcement is visible and I feel like they do their job well. When I lived in North Memphis, The government fails to realize that their officers were, "we assume" average citizens that happened to pass an employment

They just are not doing anything about criminals

I stopped with 2 officers once to report a wreck I had just passed and as I exited my vehicle both reached for their weapons. F

Very tough job; They need more cooperation from the public.

They are always on point and respond when I have called

I respect them when their actions deserve respect.

I Served As aMilitary Law Enforcement officer

## Memphis-Tomorrow-Blair-Taylor-RE-Survey-Results

I would like to see their morale higher & more support for them from African American community & leaders

Honorable men and women of MPD are very professional.

If only the law respect themselves You have to give respect to get it

I was always taught to respect law Enforcement even when they were not nice to me. However, I have never had an negative

I ATTEND NEIGHBORHOOD WATCH MEETINGS AND I COMPLETED THE CITIZEN POLICE CLASS!!

I AM A PERSON THAT FOLLOW THE RULES AND RESPECT THE RULES

I live in unincorporated Shelby County outside any annexation reserve area. The Sheriff's Department takes good care of us.

I respect them because I know being right or wrong, law enforcement can make my life a living HELL if I don't respect them. I'

There are some officers I respect BUT there are many who seem to be on a "POWER" trip and are prone to abuse citizens.

## Memphis-Tomorrow-Blair-Taylor-RE-Survey-Results

We need a District Attorney that will keep their word. D.A. Amy Weirich has lost that ability.

Police have a tough job to do and I respect them for their work.

They have to earn respect by their actions and their attitudes.

Their services could be rated better if we had more officers

The brave men and women of law enforcement are sometimes all that stands between law abiding citizens and criminals. However there have been occasions when the behavior & Personally I respect law enforcement as a whole due to their roles. However there have been occasions when the behavior & I could respect law enforcement more if they believed more in rebuilding communities. Too many of the officers in Memphis a

Community relations was very good when we had COACT, but the City stopped what was working

When I see a patrol car, I always try to thank the officers for their service.

Some laws should be reviewed/but all should be treated equal

Do all of them deserve respect, I would have to disagree! I respect them because they have on a uniform!

Northwood Hills Community have a great relationship with Shelby County Sheriff's Department that we have maintain over fifty

Part of a citizen's job is to be informed about the law!!

Only the sheriff dept, Memphis city has big problems.

Went through the Citizens University. It gave me a great insight into the amazing job MPD does.

MPD need to spend more time in the neighborhoods than on I-40 and 240.

There are officers maned at some police stations, who are rude, rather than being ensightful when information is called in. We need a District Attorney that will keep their word. D.A. Amy Weirich has lost that ability.

in my recent experiences MPD officers were not trained for service call to fit my needs.

They are the most important individuals in most communities

I have a lot of respect for the men and women who work in law enforcement int he Memphis area. They are hardworking and  
Most law enforcement officers are completely professional but some are lacking in that regard.

Going through the Citizens's Police Academy was a good experience and provided helpful perspective.

Do you have any other comments, questions, or concerns?

Open-Ended Response

The gang element appears to have decreased in the Oakhaven area. I believe this is a direct result of MPD increasing patrols. I believe the officers are dedicated and MPD does a good job considering what few resources they have. I've only heard from the detective once. I would like to see more deputies in the area. My concerns are with the Criminal Justice System. When an individual has paid their debt to society, they should be able to go back to work. It's inexcusable that Memphis does not pay its police more- We need to pay/compensate our police force better to be able to attract and retain the best talent.

I respect our officers and their willingness to do an excellent in very difficult circumstances!

Does the Fed Up campaign include a marketing strategy where the victims of gun crime are seen as FedUp? I disagree that the campaign is just about the police. Continue to do a good job, uphold and respect law enforcers as well as enforcing the law the citizens are your tax payers

Thank you for this opportunity.

We have a wonderful relationship with the Tillman Station.

Keep a cool head & deal with the situation not as you feel

I appreciate your interest to the extent that this polling can have value. My hope is to see our elected officials use common sense. Although I live in ZIP code 38127, I live in Shelby county north of Memphis

No

When I report a problem on the phone whether it's non emergency or 911, they say they will send a car but none comes. Keep up the good work.

My impression is that MPD officers work hard in a difficult environment and face situations most of us are lucky to never deal with.

We need more cops

I would love to see stricter traffic enforcement. It is important in itself as a safety issue and traffic stops can often lead to people being stopped. The Community will be what we make it together!

While I respect the law and the efforts of so many good officers, I have seen/experienced officers trail people (me), run plates

There are too many instances of guns in my zip code and the MPD has very little presence. In the area/neighborhood/commu

No

I continue to be impressed with the leadership at our precinct (Tillman) and our police chief, Chief Rallings.

Please hire more officers and pay them more money. Also, they should have domestic violence training EVERY YEAR, not every 5 years.

I think the police should go back to the whole Blue Crush community policing model. I feel like crime was lowest during that time.

The black community will not complete online surveys. You have to set up personal interaction booths in their communities and have officers there.

No

Memphis police waste too much time on minor traffic offences when they should be out fighting the real crime. Officers should be more focused on the real crime.

From what I've seen mpd officers are trying their best and so care about the citizens. However, I do believe that with more officers and better training, crime could be reduced.

As you are aware, we need more police officers on the streets in Memphis.

Yes need more police in my community the Mallory area

What are Memphis city leaders are going to do to tackle crime and murder because people can't keep look behind them and they are not safe. no

The politicians in this city need to figure out that if you want to lower crime, you need to hire 1000 more officers and maybe hire more detectives. Policies and procedures need to be followed and tightened up. Homicide detectives must see the scene of the crime and follow up on leads.

The public trust in the highest offices of law enforcement are badly tainted. The Shelby County DA, whom I've both worked for and against, is a disgrace. We need to be concerned about economic and educational access for all our citizens.

I personally manage rental property and apartments in every area of Memphis. I live in Germantown because it is safer than most areas. Let's think and be proactive...education and investing in people especially children are winning combinations.

The crime in Memphis is so horrible that we're seriously considering leaving :(.

We can't chase, we have Blue Team, we have cameras, we have an AG that throws us under the bus, our insurance was taken away. Fight poverty and have education free for all with the same quality.

Officers should check ID and/or check the license plates when responding to suspicious activity calls. Too many vehicles have expired licenses.

I don't know how it was decided that Shelby County D.A. Amy Weirich was the worst in Tennessee. Yet there are many things I feel law enforcement officers should take 3-5 years and go door to door (3 doors/10 minutes per resident/30 minutes per shift)

Crime is rampant but the police are trying.  
Please give more funding to all law enforcement officers so they have the tools and manpower to spend more time on their jobs.

Crime and the perception of crime is harming the image of our area. It must be addressed vigorously.

None at this time.

Yes. I based my responses in this survey on my personal experiences from dealing with law enforcement in Frayser, and experience in other areas.  
Restore the benefits you took from the employees or you will have the bottom of the barrel for employees. You have nothing to lose.

Law enforcement has a tough job and we support them completely ... God bless the work they do in keeping our people, communities, and property safe.  
I live in 38138 but work at over 400 apartment units in high crime areas all over Memphis. The police do a fine job but the owners don't support them.

No  
Please give our officers credit for reaching out to the community and the support and equipment they need to enforce the law.  
I feel that anger management classes should be in schools as early kindergarten up to grade 12. If we start early I truly believe we can prevent a lot of crime.  
We need more police officers and we need to give back benefits that have been taken from them. If we can't get more, they need to be given more.

I am grateful for the officers and look forward to working with them in the future.  
I am very appreciative of the way the police interacts with the youth in the Bickford Community. There has been a tremendous improvement in the way they interact with the youth.

do need more officers !

Memphis police need to be paid more money & receive better benefits!  
none  
We should stop assuming that citizens know how to properly interact with law enforcement and start informing citizens of the proper way to interact.

It would really be nice to see the relationship between law enforcement and citizens improve.  
Are youth curfews enforced? Stricter penalties are needed for repeat offenders.

New home buyer hoping to see more law enforcement in area.

I am grateful for increased concern by leadership in our community. Where is the state funding/assistance to protect our citizens?  
I certainly appreciate the frustrations that a police officer has to deal with. . . damned if you do, damned if you don't  
Our police and sheriff deputies do not receive enough credit for all that they do for our community. We need to thank them even more.  
No.

Citizens should support the MPD. It's a tough job & a lot of thugs & troublemakers make it even more difficult. They are the ones who protect us.

Law enforcement deserves more respect and pay from the local government.

No

Law enforcement officers in our community spend a lot of time trying to make things better for everyone, by coaching, mentoring, and helping people.

I think law enforcement typically does a good job and tries to keep people safe. There are just not enough officers. Being born and raised in Memphis, I don't believe that the City of Memphis government and Shelby County government does nearly enough to support and train their officers.  
I would like to see a town hall meeting specifically focusing on strategies to mitigate the proliferation of illegal weapons on the streets.  
People in this area are forgotten. If politicians would stop stuffing their pockets and help the people of need. I feel changes would be made.
